8. Exposure Controls/ Personal Protection

Respiratory: Good natural ventilation. A respirator is not needed under normal and intended conditions of product use.
Skin Protection: Protective clothing should be worn to avoid skin contact. Wear impervious gloves.
Eye Protection: Safety Goggles

9. Physical/ Chemical Properties

Appearance:	Cloudy white emulsion	Odour:	Faint odour
Viscosity:	Very low	pH	7
Boiling Point/ Range:	>100°C	Flash Point;	>135°C
Relative Density:	1.2g/cm ³	Solubility:	Easily soluble in cold water, hot water

10. Stability and Reactivity

Stability; Stable under normal conditions
Conditions to Avoid: Low temperatures
Material to Avoid: Strong oxidising agents. Acids.

11. Toxicological Information

No known significant effects or critical hazards

12. Ecological Information

No known significant effects or critical hazards

13. Disposal Considerations

Dispose of in a regulated landfill site or other method for hazardous or toxic wastes.

14. Transport Information

This product is not classed as dangerous according to international transport regulations

15. Regulatory Information

This product is not classified according to the EU regulations

Regulations: All components of this product are listed on the TSCA Inventory or are exempt from listing

16. Other Information

DATE OF PREPARATION: 21st April, 2015
